

ComancheZOOM for Thursday, August 1, 2024

**Topic: OSH 2024 AirVenture and Comanche Town**

The plan was to review the events around ComancheTown North and South, and to share stories (and photos) from the attendees. As usual we got somewhat side tracked.

Dave Shaver spent some time describing his efforts to renew his medical after a series of illnesses. It seemed to him that the FAA was completely deaf. That was until he went to the FAA in person at AirVenture and, in about 1.5 hours, was issued a special exemption. What follows is another half hour of discussion of pilots with similar experiences.

We then went on to hear reports on the parking and attendance at ComancheTown with many suggestions for future events.

Then CJ shared several videos from her phone, including the closing fireworks for the evening. All in all, an interesting Zoom.
