

ComancheZOOM for Thursday, August 22, 2024

Topic: Discussion of preventable accidents – Part 1

This week's ComancheZOOM continues the safety analysis of accidents that was started by speakers at this year's OSH ComancheTown get together.

In tonight's first part, Dan Gryder leads a discussion of a common cause of fatal accidents: fuel mismanagement. He discusses ways to prevent their occurrence. Dan has a lot of data on this and other accident causes.

Next we reviewed an accident that occurred on a return flight from a Northeast fly-in that resulted in one death and one serious injury.

Join us for this lively discussion. As always, this Zoom was recorded and is available for review using the links below.
