

ComancheZOOM Thursday, January 2, 2025

**Topic: How much is my Comanche worth?**

Richard Wellford and the Zoom team present an important draft project of 2025 values and valuations to support the future of the Piper Comanche type. Come and see 84 Piper Comanches CURRENTLY on the market broken down by TTAF, TSMOH, and more.

This draft project is to help preserve our type and its values by helping make pricing decisions, offer decision upgrade decisions, and helping to keep savable Comanches from becoming parts donors! It will help owners facing long downtime know whether to pickle or bring in a partner. It will contribute to the creation of a current guide on how to pick the new-to-you perfect Comanche. And more!

We need your help and support. If you can program, or can provide support to a programming team, provide your feedback of what your sales price or purchase price was (and when!) brilliant! We hope this project will ultimately benefit ALL older types.

Meeting Guidelines:

- Feel free to post questions in the chat window (looks like a cartoon box). Your questions will be read in sequence by the moderators.
- To ask anonymously: you can direct message to the moderator "Piper Comanche" or text questions/comments to +1.617.816.8766.

Come, learn, contribute your own experiences, bring your questions. Please bring your fellow pilots and mechanics, experienced or inexperienced, of all types. We can help each other. All are welcome, and you don't have to be a member of any particular organization.

Brought to you by a consortium of ComancheTown, Piper Comanche Association (formerly by Northeast Comanche Tribe Inc.), Delphi Airworthy Comanche, and of course, Piper Comanche FB group!
