Topic: AirVenture NOTAM procedures
with Randy Hytry - vintage parking chair

Join us for an in-depth discussion of the AirVenture NOTAM outlining preparation and approach procedures.

Randy goes through the nuances of the 2024 AirVenture Arrival NOTAM, pointing out the changes from 2023. He also covers ground handling (via a huge volunteer crew with varying experience levels), best practice grass operations, safest methods to cross uneven ground (different for singles vs twins!), safe tying down, and more!

Randy is a Comanche driver himself, a professor and A&P who has completely saved and restored his 180. There will be time for Q&A. Randy will likely use Foreflight to illustrate preparation for and flying the Arrival procedures.

We will also provided updates on ComancheTown at OSH and other events of interest at AirVenture.
