

## ComancheZOOM for Thursday, May 16, 2024

Topic: Comanche future - Comanche Pilots Survey introduction

Thursday, May 16, the ComancheZOOM unveiled a new Comanche Pilots Survey, the intent being to draw a clearer picture of the Comanche pilot/owners in our ComancheZOOM audience. As you can see below, there are five areas of survey questions.

1. The Pilot - Who are you, how did you become a pilot, what medical certification, what has been your piloting experience?
2. The Aircraft - What do you fly, how long have you flown it, what have you added to upgrade it?
3. Maintenance - Do you assist in maintenance, what improvements have you made?
4. Training - What continued training activities do you participate in, how often?
5. Insurance - What level of coverage do you maintain, have you ever had a claim?

Each area has a multitude of yes/no or multi choice answers, with some fill-in answers. This ComancheZOOM reviews the survey to give you an idea of its contents. The survey will be available on-line in the near future. A trail group took the survey and was able to complete it in a little over seven minutes. Your input will be invaluable for planning going forward.

Join us for this important in-depth presentation.
