

ComancheZOOM for Thursday, May 30, 2024

Topic: Piper Comanche Community Survey

Over the last four years ComancheTown and Northeast Comanche has reinvigorated the Piper Comanche community through regular weekly communication (Zoom), “Group Buys” of substantial safety enhancing equipment, and has established credibility with the FAA, EAA, Sun & Fun and other aviation groups. These accomplishments, along with future planned activities, are designed to prolong the life and enhance safe operation of the Piper Comanche.

At this juncture your help is needed. We have created a Piper Comanche community survey which will help us address the current and future needs of Comanche owners.

Please complete this 20 minute, multiple-choice survey. The survey inquires about you, your aircraft, your training, your maintenance and your insurance. Please address each area with complete and thoughtful responses that fully reflect your needs, wants and desires. However, you can skip any questions you do not know the answer to if you don't have time to look them up.

Survey results will require several weeks of analysis by several special interest teams for action plan development.

Thank you for taking time to support this effort!

This Piper Comanche community survey is brought to you by the Comanche Consortium of ComancheTown, Northeast Comanche, Piper Comanche FB group, and Delphi Airworthy Comanche.

Tips for taking the survey

1. Gather your logbooks, maintenance records, equipment list, insurance summary, etc.
2. The survey should take about 20 minutes. It can be accomplished over several sessions. However, you should use the same device (computer, tablet, phone) each session.
3. You do not have to answer every question. However, you must answer question #1. N/A is an acceptable answer.
4. The round radio buttons allow only one choice. The square check boxes allow multiples.
5. You can edit your answers. The green Previous button returns to the previous section.
6. There are five sections to the survey with comment boxes at the end of each. Your written input and thoughts will help guide future efforts to sustain the Comanche. After completing section 5 you will be locked out of the survey and will not be able to re-enter. So DO NOT click the “DONE” button unless you are finished. Click the “back” button whenever you like. If you get locked out you may restart the survey on another device.
7. Please complete the survey before June 30, 2024. Be sure to add comments and suggestions at the end of each section.
